

Parents and students,

WVUSD has been working on setting up the Remind App for communications. We sent out a test message for the entire district on Wednesday, September 18. If you did not receive the test message, then please email [david.hoover@wvisd.net](mailto:david.hoover@wvisd.net) with your cell phone number. We will use the Remind App for the entire district to communicate school delays, school closures and other important information.

We also sent out a test message for the JH/HS campus. This message included students and parents. If you did not receive the test message, then you may join the JH/HS campus by going to this link: [Instructions for joining Water Valley High School](#). This group will be used to communicate events that pertain to the JH/HS campus only.

We also sent out a test message for the Elementary campus. This message went to parents only. If you did not receive the test message, then you may join the Elementary campus by going to this link: [Instructions for joining Water Valley Elementary School](#). This group will be used to communicate events that pertain to the Elementary campus only.

Teachers, sponsors and coaches may use the Remind App for communicating with smaller groups. Those groups will have separate links to join the class or group. Those links will be provided as needed by the teacher, sponsor and coach.

WVUSD will still use our Facebook page to communicate with the school community. However, rarely do we reply to questions on our Facebook page. As always, you may contact the school by phone. If it is after hours or no one answers, then please leave a message.

Thank you,  
Dane Hoover  
Principal of Students and Operations
