

Water Valley ISD District Goals

Academics: Water Valley ISD will focus on educational excellence through a highly qualified staff that sets high standards, implements quality programs and is excited about teaching.

Evidence of Attainment:

- Create a professional development plan to include a concentration for core area teachers
- Maintain “Met Standard” performance for all students, campuses, and district as a whole
- Increase “Distinction” designations related to student performance
- Research possible Career Tech Education courses with the intent to increase opportunities for students (with certification and licensure opportunities)
- Increase Wi-Fi coverage for the purpose of increased instructional technology use

Facilities: Water Valley ISD will continually review district assets, maintaining, improving, and expanding those assets to achieve educational excellence.

Evidence of Attainment:

- Develop a facilities improvement/maintenance plan with associated costs by October, 2015
- Look at facilities staffing with associated costs and district needs
- Prioritize facility needs and plan for project completion based on available dollars
- Review facilities inventory to plan/schedule replacement of current assets (roof, HVAC, etc.)

Finances: Water Valley ISD will be a good steward of public funds.

Evidence of Attainment:

- Determine fund balance amount that must be maintained for financial solvency (minimum, optimum)
- Annually review district budgets and consider reallocations as necessary
- Take steps to have a balanced budget at fiscal year end
